PRESIDENT'S REPORT

- Thank you, thank you to the Pro Shop for another well run tournament.
- Now that we have the new set-up for the computer at the Pro Shop, there are a number of things we all need to keep in mind. Granted, it is a point of access to EZLinks handicap data. It is, however, also the point at which the general public access their handicaps and posts scores. We had a recent experience where the computer was re-set through the Administrative Program to a default of Del Urich. You can imagine the erroneous answers this caused. If you reset it for any reason, you must remember to set it back to the correct default.

SECRETARY

- The minutes on the website still are dated January 22. Waz up?
